## MEMORANDUM

**DATE:** December 1, 2009

**TO:** Washington Certified Seed Plants/Certified Seed Growers  
And Certified Seed Sellers

**FROM:** Jerry Robinson

**RE:** Fall 2009 Audit Report

Enclosed is the WSCIA Audit Form to be used for reporting **fall** sales of Washington Certified small grain, peas, lentils, and chickpea seed. This would be any sales made following your spring audit postings to WSCIA. Please complete this audit no later than **January 15, 2010** and return to the WSCIA Pullman office as noted at the top left corner of the form.

One item of note – this year to help WSDA Ag Statistics better estimate cereal acreages WSCIA is working to get estimates of common seed you may have sold this past fall. This will only include seed raised as common and normally unreported. The 2009 Fall Audit Form will have a place for common seed information but only in three categories, soft white, hard red, and miscellaneous. All information will be held in confidentiality and all reported common poundage will be given out as total pounds reported and in the three basic categories. **There will be no charges for any reported seed that was raised and sold as common seed.**

If you have questions please do not hesitate to call the office and ask Karen or myself, as we want this to go as smoothly as possible for both you and WSCIA.

Thank you for your support and cooperation,

Jerry L. Robinson  
Manager
